Group Vacations '21

Multi-Day Vacations • Day Trips • Cruises

From electrostatic disinfection to enhanced cleaning procedures, Starr's **Clean Care Program** is our commitment to you to make sure your trip is clean, safe, and comfortable.

Committed to Clean

Every motorcoach is thoroughly cleaned and disinfected using CDC approved agents before and after every use.

- ✓ Special focus on disinfecting high touch points such as entrance area handrails, parcel rack handrails and door latches
 - Headrests, armrests, seat belts and seat accessories
 - All surfaces in the restroom, including door handles
 - All surfaces within the driver's area
- ✓ Every 14 days, each coach interior will be completely disinfected using 360 degree Electrostatic Spray Technology

Breathe Easy

Onboard air quality you can rely on

- ✓ All cabin air completely exchanged with fresh, outside air approximately every 10 minutes
- ✓ HVAC system filters recirculated air with MERV 7 or higher rated filter media, removing respiratory droplets

Ride Smart

- ✓ Starr Drivers and passengers are required to wear a face covering while onboard the motorcoach.
- ✓ Maintain physical distancing as you enter and exit the coach
- ✓ Hand sanitizer dispensers are located at the front and rear of coach
- ✓ PLEASE do not have anyone in your group travel if sick

Ride With Confidence

- ✓ We consistently comply with guidance as provided by our industry associations as well as the CDC, WHO and local governments
- ✓ Our Drivers, Technicians and Staff have been trained in best practices, including boarding and baggage handling.
- ✓ Our additional investments in intensified cleaning and protection help ensure a sanitary environment

Dear Group Leader,

We hope that you and those you love have stayed safe throughout the challenges of this year. As we continue to navigate these changing times, you remain on our minds and we'd like you to know that we are here for you and your groups whenever you're ready to travel again.

We have been working hard to stay on top of the latest safety regulations and improvements. From the start we implemented strict plans that helped us get back on the road as quickly, but more importantly as safely, as possible. Our buses go through an electrostatic disinfection process regularly, our drivers are equipped with sanitization kits that contain the same Fight Bac RTU solution that is used when the coaches are home and all high touch surfaces are treated daily. Be sure to read our Clean Care information and visit our website to learn more about how we are keeping you and your groups as safe as possible.

We're looking toward a brighter future in 2021 and we hope that you enjoy daydreaming about your group's next getaway while you browse our catalog. We're ready to make your group's dreams become reality whenever you're ready!

Until then, be well, stay safe, and know that we are thinking of you.

Sincere regards,
Sandy Borowsky, Vice President
